ABOUT ME

Motivated and analytical Software Engineer with strong experience in full-stack web development and a solid background in modern programming technologies. Skilled in designing intuitive, user-focused interfaces as well as building reliable and scalable backend systems. Experienced in working with international teams and real-world SaaS products, contributing to performance optimization, feature development, and system stability. Comfortable with cloud environments, CI/CD pipelines, and collaborative workflows, with a strong focus on code quality, maintainability, and continuous improvement. Eager to contribute technical expertise and problem-solving skills to innovative and impactful software projects.

Key skills :

- Back-end:** Node.js, NestJS, Express.js, Spring Boot, REST APIs, GraphQL
- Front-end:** React.js, Next.js, AngularJS, HTML, CSS, Tailwind CSS, Three.js
- Databases:** PostgreSQL, MySQL, MongoDB, SQLite
- DevOps & Cloud:** Docker, CI/CD, Jenkins, GitLab Actions, Azure
- Tools:** Git, Figma, Trello
- Data & BI:** Power BI, Talend

WORK EXPERIENCE

FULL-STACK ENGINEER – MY Super Academia (Remote, FRANCE)

02/2026 – Current

- Design, develop, and deploy complete web applications while ensuring performance, security, and code quality.
- End-to-end full-stack development: high-performance, user-centered frontend interfaces (Next.js, React, TypeScript) and robust backend services (Node.js, Nest.js, REST APIs).
- Design and integration of APIs and third-party services (authentication, payment, email, storage), with particular attention to the security and reliability of flows.
- Implementation of product-oriented automation workflows (data ingestion, transformation, storage, deliverable generation, notifications, monitoring, and reporting).
- Develop and operate AI-based features (RAG, APIs, vectorDB), contribute to Cloud/DevOps deployment, and document solutions to ensure maintainability and scalability.
- Work in an agile environment, with a high level of autonomy, attention to code quality, and a product-oriented approach.

FULL-STACK DEVELOPER – KLERQ (On-Site, NETHERLANDS)

10/2024 – 10/2025

- Contributed to the development of KLERQ, a digital law platform for law firms to transform their commercial operations and win more business.
- Designed intuitive, UX-driven front-end interfaces using React and Next.js.
- Improved SaaS backend reliability by fixing bugs and adding missing features with NestJS.
- Supported more than 6,000 users across 15 countries through stable production releases.
- Implemented CI/CD pipelines and standardized Git workflows with automated testing.
- Integrated AI features using GraphQL APIs, Vercel AI SDK, and Azure OpenAI.
- Ensured scalability and maintainability of applications in a cloud-based environment.

● EDUCATION AND TRAINING

2022 – 2024

SOFTWARE ENGINEERING DEGREE Polytechnic School of Sousse, Tunisia

Relevant Courses: JavaScript, Java, Spring Boot, Android, Flutter, PHP, Software Testing, DevOps, MLOps, Data Mining, Machine Learning, Power BI

2021 – 2022

WOMASTER'S DEGREE (GPA: B) Higher Institute of Technological Studies (ISET), Sfax, Tunisia

Relevant Courses: Cisco, Android, JavaScript, Computer Systems and Networks

2018 – 2021

BACHELOR'S DEGREE (HBO) (GPA: B) Higher School of Sciences and Technologies, Sousse, Tunisia

Major: Information Technologies

● INTERNSHIP EXPERIENCE

02/2024 – 06/2024

Software Engineer Intern — Info'Lib | Tunisia

- Developed a responsive web application and integrated Odoo ERP modules.
- Automated administrative processes to reduce operational workload.
- Implemented Paymee online payment solutions using Python and JavaScript.
- Built sales management interfaces using HTML, CSS, and JavaScript.

06/2023 – 08/2023

Full-StackDeveloper Intern — Prestige Formation & Consulting | Tunisia

- Collaborated with the Node.js backend team on compliance monitoring features.
- Developed React.js front-end interfaces for audit workflows and user management.
- Designed intuitive user interfaces to improve task clarity and efficiency.
- Integrated frontend components with backend APIs.

07/2022 – 09/2022

WebDeveloper Intern — EDIDACT | Tunisia

- Contributed to the development of an e-learning platform using Laravel PHP.
- Designed visually engaging and age-appropriate user interfaces.
- Collaborated with designers to implement UI specifications.
- Improved website responsiveness and cross-device compatibility.

02/2021 – 06/2021

Full-StackDeveloper Intern — AfiaTech | Tunisia

- Developed backend services using Java Spring Boot and REST APIs.
- Built frontend interfaces using AngularJS, HTML, and CSS.
- Implemented appointment scheduling and messaging features.
- Improved user experience through clear and structured UI design.

● LANGUAGE SKILLS

Mother tongue(s): **ARABIC**

Other language(s): **FRENCH(ADVANCED) | ENGLISH(B2) | GERMAN(A2)**
